

## Place In Queue Report

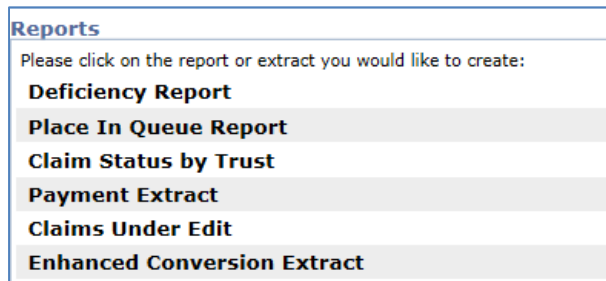

### Objective

To identify the current *place in queue* for claims that have a status of **Ready to Review** or **Ready to Re-Review** and to determine the approximate length of time until it is selected for the review process.

1. To run the **Place In Queue** report, log into Trust Online and click on the **Reports** tab.

2. This will direct you to the **Reports** page which displays a list of pre-formatted reports in which everyone in **your** firm has access to. Click on the **Place In Queue Report** to begin the reports process.

3. After clicking on this report, a new page will be displayed with a number of criteria to select from. First select the **Trust** from the trust drop-down. You may only select one Trust at a time.

The screenshot shows the report configuration page. At the top, there are two dropdown menus: 'Trust' set to 'PCC' and 'Output Type' set to 'PDF'. Below these is a red 'Create Report' button. Underneath are two more dropdown menus: 'Status' set to 'All' and 'Attorney' set to 'All'. The 'Status' dropdown also lists 'Ready to Review' and 'Ready to Re-Review'.

4. Next, specify the **Status(s)** from the list box or you may select **All** to run a report for all status. You may select multiple status by selecting the first one and then holding the **<Ctrl>** button while selecting other status in the list.

The screenshot shows the report configuration page. The 'Trust' dropdown is still set to 'PCC' and 'Output Type' is still set to 'PDF'. The 'Status' dropdown is now set to 'Ready to Review' and 'Ready to Re-Review', indicating that multiple statuses are selected. The 'Attorney' dropdown remains set to 'All'.

- Next, specify the **Attorney(s)** from the list box or you may select **All** to run a report for all attorneys in the firm. You may select multiple attorneys by selecting the first one and then holding the <Ctrl> button while selecting other attorneys in the list.

- Next, specify the **Output Type** from the drop-down box. The option selected will mainly depend upon your reporting requirements. To view the data in a readable formatted report, you may select **PDF** or **EXCEL** types. The PDF version may be preferable when printing the formatted report. For data in a spreadsheet format with simple column headings, select the **CSV** type.

- After selecting the Output Type, click on the **Create Report** button, a file will open with the following data: Status, Firm Name, Attorney Name, Claim Number, Firm File Number, Injury, Process Option, Exposed Name, Exposed Masked SSN, Place In Queue and Date Received.
